

WORK EXPERIENCE

CJD Consulting

PMO Analyst

Rahway, NJ

October 2024

Milestones:

- Led the successful migration of the company's expense tracking system, ensuring a seamless transition with minimal disruption.
- Led evaluation and implementation efforts for a new ERP system tailored to company needs.
- Spearheaded research and implementation efforts of a Managed Service Provider to support internal IT operations.

Process Improvements:

- Automated recurring Excel reports using Python, reducing manual work across departments by 75%.
- Authored user-friendly Python script guides to enhance accessibility for non-technical teams using Google Colab.
- Developed onboarding and training documentation for new system integrations.
- Supported the migration to Microsoft OneDrive to improve file-sharing efficiency.
- Supported the migration to Microsoft Teams from Slack to ensure company-wide communication.

Responsibilities:

- Initiate weekly and monthly project audits to uphold compliance with tracking standards in over 200 projects.
- Communicate with a team of over 15 project managers to ensure project accuracy in Kantata.
- Research and determine key systems for future improvement initiatives.
- Research optimizations to enhance internal systems and workflows.
- Develop internal documentation and training materials to support onboarding and PMO system usage.
- Monitor and report on key business milestones in all company departments.
- Facilitate monthly performance reviews and AI integration discussions.
- Lead weekly meetings to present project status and metrics to leadership and project managers.
- Sole system support for systems like NetSuite, SAP Concur and Kantata
- Create business processes to then replicate within NetSuite for multiple departments including Accounting, PMO, and Inventory Management

Subaru of America

Information Technology Intern

Camden, NJ

May 2023 - May 2024
